1 INTRODUCTION

These Qualification Regulations (Regulations) describe in detail how athletes and teams can qualify for the Santiago 2023 Parapan American Games in each of the seventeen (17) sports on the Santiago 2023 Parapan American Games (Games Programme). It provides to the National Paralympic Committees (NPCs), to National Federations (NFs), to sports administrators, coaches and to the athletes themselves the conditions that allow participation in the pinnacle event of the Paralympic Movement in the Americas.

These Regulations present:

- an overview of the Games Programme;
- the general IPC regulations on eligibility; and
- each International Federation's (IF) own specific qualification criteria for its sport.

STRUCTURE OF EACH IF'S SPORT-SPECIFIC QUALIFICATION CRITERIA

Each IF's own sport-specific section in these Regulations follows a standardised format. Readers can quickly locate information or cross-reference it between sports. The standard structure of each IF's sport-specific qualification criteria is as follows:

- events
- athlete quotas
- allocation of qualification slots
- maximum quota allocation per NPC
- athlete eligibility (sport-specific)
- maximum entries per NPC
- qualification system (in the order of slot allocation)
- timeline
- confirmation process of allocated slots
- reallocation of unused qualification slots
- IF contact information

QUALIFICATION METHODS

There are a variety of qualification methods that IFs may decide to employ, which may depend on the nature and traditions of each sport.

In many sports, the participation of the host country is guaranteed via reserved slots. However, athletes representing the host country still need to comply with all eligibility requirements in order to enter the Santiago 2023 Parapan American Games.

The following qualification methods based on performance may be used by IFs. Methods 1, 2 and 3 are referred to as “**direct slot allocations**” as they reward performance at one competition directly with a qualification slot.

1. Placement at world championships
2. Placement at regional/zonal championships or sub-regional games
3. Placement in other IF sanctioned competitions or designated qualifiers
4. Rank on a world or regional ranking list
5. Rank on a specific Parapan American qualification ranking list
6. Achievement of a Minimum Qualification Standard (MQS) with or without subsequent quota allocation formula
7. Team completion
8. Bipartite commission invitations

In the event of any inconsistency between IF qualification methods for the Santiago 2023 Parapan American Games that are published elsewhere and the IF qualification methods listed in these Regulations, these Regulations will prevail.

QUESTIONS AND UPDATES

For questions regarding sport-specific qualification issues please contact the respective IF. Questions of a general nature can be addressed via email to the IPC at giovanni.canazza@paralympic.org. Occasional updates to these Regulations may be necessary. Updates are recorded at the end of these Regulations. For the latest version of these Regulations (see date on front page) please visit www.paralympic.org/santiago-2023.

At any given time the only valid version of these Regulations is the one published on the IPC website.

OFFICIAL LANGUAGE

The official language of the IPC is English. If any organisation translates these Regulations for internal purposes the English version will prevail in case of discrepancy.

3 GENERAL IPC REGULATIONS ON ELIGIBILITY

In addition to each IF's own sport-specific athlete eligibility criteria the IPC has established a set of general eligibility criteria that apply to all participants in the Parapan American Games. These general regulations are derived from the IPC Handbook. They ensure that the fundamental rights and obligations of the IPC and its membership are recognised and protected. The general IPC regulations on eligibility are as follows:

IPC MEMBERSHIP

Only NPCs from the Americas region and in good standing with the IPC may enter duly qualified and eligible athletes in the Santiago 2023 Parapan American Games. NPCs are also reminded that each NF must be in good standing with the NF's respective IF, as required by that IF.

COMPLIANCE WITH IPC ATHLETE NATIONALITY REGULATIONS

Any athlete in the Santiago 2023 Parapan American Games must comply with the provisions of the IPC Nationality Regulations published in the IPC Handbook.

MINIMUM AGE REQUIREMENT

No minimum age limit for athletes competing in the Parapan American Games is stipulated by the IPC on a general basis. However, NPCs must note that an age limit may be established by IFs through their own sport-specific rules and athlete eligibility criteria (including those set out in the sport-specific sections of these Regulations). While the Parapan American Games welcomes the Americas' youth with an impairment, NPCs are encouraged to send to the Parapan American Games only athletes who are adequately prepared for high performance competition.

UNDERSTANDING AND AGREEING TO THE CONDITIONS OF PARTICIPATION

To be eligible for participation in the Santiago 2023 Parapan American Games all athletes must sign and agree to comply with the IPC Conditions of Participation Agreement. This agreement is part of the NPC registration process.

NPC SELECTION STANDARDS

The IPC recognises and respects the right of NPCs to establish their own national selection standards for determining the qualification of an athlete or team to compete in the Santiago 2023 Parapan American Games. Such standards must be compliant with those established by the IPC as well as those of each respective IF. Any national selection standards must also align with confirmation dates and administrative deadlines of the Santiago 2023 Organising Committee. All athletes and teams are equally subject to their respective NPC's selection standards.

COMPLIANCE WITH CLASSIFICATION RULES

Only qualified athletes who meet the relevant IF's sport-specific classification rules and have an appropriate sport class and sport class status will be eligible for entry in the Santiago 2023 Parapan American Games. It is the responsibility of

each NPC to ensure that its athletes are appropriately classified in their respective sports prior to entry and that each athlete holds a sport class and sport class status that complies with the IF's eligibility requirements as published in these Regulations. In particular, an athlete is only eligible to be entered in an event that is open to their respective sport class under the relevant IF's rules.

In certain sports, as specified in the sport-specific sections of these Regulations, NPCs are permitted to provisionally select athletes with a Sport Class Status of (i) New; (ii) Review; and (iii) Review with a Fixed Review Date of 2023 or earlier, subject to such athletes attending an Evaluation Session prior to or during the Games (including any required in-competition Observation Assessment).

4 BIPARTITE COMMISSION INVITATIONS

The IPC and certain IFs have sought to provide targeted qualification slot allocations through Bipartite Commission Invitations. Bipartite Commission Invitations are included in the overall athlete quotas of the relevant sports chapters as set out below.

Subject to the following, Bipartite Commission Invitations are granted by the IPC in its sole discretion following engagement with the relevant IF. To be eligible for a Bipartite Commission Invitation, in all circumstances:

- (a) an athlete must meet the general IPC regulations on eligibility above and the IF's own sport-specific eligibility criteria below; and
- (b) an athlete must meet the relevant IF's classification eligibility requirements and may only be granted a Bipartite Commission Invitation in relation to an event that is open to their respective sport class under the relevant IF's rules.

While at the sole discretion of the IPC, Bipartite Commission Invitations may typically consider the following factors:

- allowing the participation of top athletes who may not have had the opportunity to qualify through other methods due to extraordinary circumstances;
- ensuring the representation of athletes with high support needs;
- enabling greater representation by gender;
- ensuring medal events will have sufficient representation for event viability purposes; and/or
- optimising the presentation of a particular contest within its competition format and schedule.

Each Bipartite Commission Invitation is granted to an individual athlete, not to the respective NPC. All Bipartite Commission Invitation decisions are final with no opportunity for protest or appeal.

Where applicable, the timeline for submission and acceptance of Bipartite Commission Invitation applications is set out in the relevant IF's chapter of these Regulations.

5 REDISTRIBUTION OF VACANT QUALIFICATION SLOTS

Each IF confirms in writing to the NPCs the allocation of qualification slots that their teams and athletes have obtained. The NPCs then must confirm acceptance of their allocated slots by the deadline established in each IF's chapter of these Regulations. Any qualification slots not used by an NPC will be reallocated according to the method outlined in the respective IF's chapter of these Regulations.

Qualification slots that cannot be reallocated by the established deadlines or become vacant (following the reallocation deadline) may be redistributed at the sole discretion of the IPC to any sport on the programme and across gender categories. However, in all circumstances slot redistributions cannot be used to override:

- a) the general IPC regulations on eligibility above; or
- b) the IF's classification eligibility requirements, and slot redistributions may only be granted in relation to an event that is open to the athlete's respective sport class under the IF's rules.

Each slot redistribution is granted to an individual athlete, not to the respective NPC. All redistribution decisions are final with no opportunity for protest or appeal.

6 UNIVERSALITY WILD CARDS

In each edition of the Parapan American Games, the IPC aims to ensure representation of a maximum number of eligible member NPCs. This slot provision is called the Universality Wild Card (UWC) method and is by IPC invitation only.

UWC invitations are granted by the IPC in its sole discretion, and no athlete or NPC is entitled to receive a UWC. UWC invitations may be extended by the IPC if an NPC has either: (a) been unable to qualify any athletes; or (b) has obtained only one qualification slot across all sports on the Games Programme. A maximum of one male UWC and one female UWC may be granted if an NPC has been unable to qualify any athletes. A maximum of one female UWC may be granted if an NPC

has obtained only one qualification slot (irrespective of the gender associated with the slot).

In order to be considered for a UWC an athlete must meet the following criteria:

- comply with the general IPC regulations on eligibility above;
- comply with the relevant IF's classification eligibility requirements, and UWC invitations may only be granted in relation to an event that is open to the athlete's respective sport class under the IF's rules;
- meet all the IF's other sport-specific eligibility criteria (unless any such eligibility criteria are expressly waived by the IPC as part of the invitation); and
- be on the Accreditation Long List as described under Key Dates below.

Each UWC invitation is granted to an individual athlete, not to the respective NPC. If an NPC qualifies athletes via the regular qualification pathways after one of its athletes has been granted a UWC, that UWC is revoked and the athlete who qualified via the regular qualification pathway obtains the slot instead.

UWC invitations fall outside the athlete quotas by sport as published in these Regulations.

For the Santiago 2023 Parapan American Games the IPC will consider granting UWCs in the following sports:

- Para athletics
- Para swimming
- Para powerlifting

All UWC decisions are final with no opportunity for protest or appeal.

The IPC will open the UWC application process around six (6) months prior to the Santiago 2023 Parapan American Games.

7 KEY DATES

The following dates and deadlines have been established by the IPC and the Santiago 2023 Organising Committee:

BEGINNING OF QUALIFICATION PERIOD: 1 NOVEMBER 2021

Subject to the following, each IF will determine its own qualification period during which athletes and teams can attain results and rankings that count towards qualification for the Santiago 2023 Parapan American Games:

- a) No IF may establish a qualification period that begins prior to 1 November 2021, whereby direct slot allocations (as defined above) are obtained by athletes or teams for the Santiago 2023 Parapan American Games.
- b) Results attained before this date cannot be considered for qualification to the Parapan American Games. Exemptions may be granted by the IPC under exceptional circumstances. However, results and rankings from the Lima 2019 Parapan American Games must not contribute to athlete qualification for the Santiago 2023 Parapan American Games.
- c) Participation in a competition during the qualification period may depend on results achieved prior to the beginning of the respective sport's qualification period.

ACCREDITATION DEADLINE: 20 AUGUST 2023

Each NPC must submit to the Santiago 2023 Organising Committee complete information about every potential delegation member who may attend the Santiago 2023 Parapan American Games. This "Accreditation Long List" includes athletes (including, but not limited to, duly qualified, replacements, substitutes, bipartite candidates, UWC candidates), competition assistants (such as guide runners, tandem pilots, goalkeepers, Boccia assistants), coaches, team physicians, administrators, physiotherapists, caretakers, press attachés, Paralympic attachés, Chefs de Mission, NPC Presidents, NPC Secretaries General and accompanying guests. Only athletes who are accredited by 20 August 2023 can be entered into the Santiago 2023 Parapan American Games by the sport entries deadline (see below).

SPORT ENTRIES DEADLINE: 28 OCTOBER 2023

Sport entries is the official registration process for qualified athletes selected to participate in the Parapan American Games. Any athlete an NPC may choose to enter must meet all applicable eligibility criteria by the time the entry is made. The athlete must also be on the "Accreditation Long List" (see previous section). The last possible day to meet the applicable eligibility criteria is 28 October 2023. Sport entries will close at 23:59h, Santiago time, on 28 October 2023.

ATHLETE QUOTA

Male	Female	Gender-free	Total

ALLOCATION OF QUALIFICATION SLOTS

An athlete may only obtain a maximum of one (1) qualification slot. The qualification slot is allocated to the NPC not to the individual athlete, with the exception of Bipartite Commission Invitation slots which are allocated to the individual athlete not to the NPC.

To ensure all medal events on the program are viable at the Santiago 2023 Parapan American Games, World Para Athletics ("WPA") reserves the right - through any allocation method - to allocate slots to the exclusive use of certain sport classes determined by WPA, for example for athletes with high support needs. Such slots shall be used as allocated or the respective NPC must return the slot to WPA.

MAXIMUM QUOTA ALLOCATION PER NPC

An NPC can be allocated a maximum of thirty-five (35) male qualification slots and twenty-five (25) female qualification slots. Exceptions may be granted through the Bipartite Commission Invitation Allocation method.

If an NPC is unable to use all of the allocated qualification slots in a given gender, the unused slots cannot be transferred to the other gender. They will be reallocated in the respective gender to other NPCs through the Bipartite Invitation Commission Allocation method.

ATHLETE ELIGIBILITY

To be eligible for selection by an NPC, athletes must:

1. hold an active World Para Athletics Athlete Licence for the 2023 season;
2. be internationally classified in an eligible Sport Class with a Sport Class Status of (i) Confirmed; or (ii) Review with a Fixed Review Date of 2024 or later*; and
3. have achieved one (1) Minimum Entry Standard (“MES”) performance at a World Para Athletics Recognised Competition for at least one of their respective events between 1 January 2022 and 15 October 2023 in accordance with the IPC Athlete Licensing Programme Policies valid for the 2022-2023 seasons.**

*In relation to criterion 2 above, NPCs are permitted to provisionally select athletes with a Sport Class Status of (i) New; (ii) Review; and (iii) Review with a Fixed Review Date of 2023 or earlier, subject to such athletes attending an Evaluation Session prior to or during the Games (including any required in-competition Observation Assessment).

**Exceptions may be granted to criterion 3 (above) via the Bipartite Commission Invitation Allocation method.

MAXIMUM ENTRY PER NPC

An NPC can enter a maximum of three (3) eligible athletes per individual medal event.

NPCs can enter a maximum of one (1) team in the relay medal event. To be eligible for the relay event, athletes must also be entered into at least one individual event.

QUALIFICATION SYSTEM

Qualification slots will be allocated in the following order:

METHOD	QUALIFICATION	TOTAL
Qualification Ranking Allocation	WPA will establish a Santiago 2023 Qualification Ranking from 1 January 2022 to 24 September 2023 (inclusive) for each of the individual medal events on the Santiago 2023 programme. The Qualification Ranking will only recognise athletes who were licensed at the time they achieved the result in accordance with the World Para Athletics Athlete Licensing Programme Policies valid for the 2022 and 2023 seasons respectively and who hold an international Sport Class Status	242 male athletes 157 female athletes

of Review, Review with a Fixed Date, or Confirmed as of 24 September 2023.

The top ranked athletes of each Individual medal event will obtain one (1) qualification slot for their respective NPC. In the case that an athlete is eligible in more than one (1) medal event for slot allocation under this method, he/she can only obtain one (1) qualification slot for his/her NPC. An NPC can earn up to one (1) slot per individual medal event via this method.

Slots will be allocated simultaneously across all individual events on the programme until the target quota is reached. It is anticipated that this qualification method covers the top 10 ranking positions. However, WPA reserves the right to adjust the actual rank, up or down, in order to respect the quota.

When the quota cannot accommodate an entire rank, e.g. all athletes ranked 11th on the Santiago 2023 Qualification Ranking, the remaining slots will be allocated, one at a time within that rank, until the quota is reached according to the following priority:

- NPCs with the least qualified slots within that gender;
- NPCs with the least qualified slots in both genders.

Ranking Allocation Example:

Rank	Event 1	Event 2
1	USA	ARG
2	MEX	BRA*

ALLOCATION OF QUALIFICATION SLOTS

The qualification slot is allocated to the individual athlete, not to the NPC.

MAXIMUM QUOTA ALLOCATION PER NPC

An NPC can be allocated a maximum of two (2) male and two (2) female qualification slots for athletes competing in the men's and women's events, and a maximum of two (2) qualification slots in the quad event for a maximum total of six (6) qualification slots per NPC.

Exceptions may be made via the Bipartite Commission Invitation Allocation method.

ATHLETE ELIGIBILITY

All athletes must comply with the General IPC Regulations on Eligibility detailed in the Santiago 2023 Parapan American Games - Qualification Regulations, published here www.paralympic.org/santiago-2023.

Unless otherwise specified in this Qualification System, to be eligible for selection by an NPC, athletes must also:

1. have an official ranking on the ITF Wheelchair Tennis Singles World Ranking List dated 11 September 2023 (exceptions may be granted through the Bipartite Commission Invitation Allocation method); and

2. be internationally classified in an eligible Sport Class with a Sport Class Status of (i) Confirmed; or (ii) Review with a Fixed Review Date of 1 January 2024 or later*; and
3. hold a current ITF IPIN membership;

*In relation to criterion 2 above, NPCs are permitted to provisionally select athletes with a Sport Class Status of (i) New; (ii) Review; and (iii) Review with a Fixed Review Date of 31 December 2023 or earlier, subject to such athletes attending an Evaluation Session prior to or during the Games (including any required in competition Observation Assessment).

For Bipartite Commission Invitations, the ITF and the IPC may consider athletes who do not have an official ranking on the Wheelchair Tennis Singles World Ranking List dated 11 September 2023 as long as they have competed in at least one ITF Wheelchair Tennis competition between 14 September 2020 and 10 September 2023.

NPCs may only nominate athletes for participation in the Santiago 2023 Parapan American Games if their country's National Association is a current ITF member in good standing, and it has been a member since at least 31 December 2022.

The participation of an athlete is conditional upon the athlete meeting the above detailed athlete eligibility criteria (both IPC and ITF). For the avoidance of doubt, where either the ITF or IPC eligibility criteria impose stricter or additional requirements than the other, the stricter or additional rules shall apply.

MAXIMUM ENTRY PER NPC

Singles events

An NPC can enter a maximum of two (2) qualified male athletes and two (2) qualified female athletes in the men's and women's singles events, respectively.

An NPC can enter a maximum of two (2) qualified athletes in the quad singles event.
